Subject: Letter of Recommendation

To Whom It May Concern,

Tishman Speyer was the Development Manager for the New York Yankees and I was the Project Executive for the development of the new Yankee Stadium.

Paul was my Project Manager and reported directly to me over the past three and a half years. Paul successfully managed the Premium Spaces, Food Service and Retail Program from all aspects of the Project from conceptualization, preconstruction, budgeting, construction, turn over to the Yankees and post opening operations. Throughout this process Paul handled Yankee Ownership, the Design Team, Construction Team and the Operator with nothing short of professionalism.

Paul's resume and website highlight his career accomplishments and aside from being a great guy to work with, I consider Paul a friend.

If you would like to discuss directly with me you can contact me by email at HOlsen4@comcast.net or my cell (646) 753-1627.

Sincerely,

Harry J. Olsen
